Dear Steve & Grant,

We wanted to write you a formal Thank You for the exceptional work your team completed on our home addition and renovation. As you know, not only did you guys complete the project within our very tight schedule (accommodating Marti and the move in for the birth of our new little girl) but I was truly shocked that at our last meeting you provided me a final invoice that was over \$26,000 less than I was prepared to write a check for! That's truly a first.

We are so thrilled with the quality of the work. Everyone who has been to our home can't believe the transformation and comment on how it looks as if it has always been this way. Jim was an amazingly organized project manager and your trades were all so professional!

Again, Marti and I can't thank your team enough. Please feel free to pass along our sentiments to anyone that is looking carefully at hiring MyGreenBuildings...you come highly recommended!
